

GAP IN THE FENCE

Tom Houston

Tom Houston releases his fourth solo Album **Gap in the Fence** which is produced by the legendary Neill MacColl and boasts a talented crop of musicians such as Kate St John, Benn Nicholls, Mattie Foulds, Me for Queen and the Robson twins. Tom's compelling songs have received widespread airplay on BBC Scotland where he was Songwriter of Note on the Iain Anderson Show in April 2017.

In Gap in the Fence Tom combines a youthful mischief with his darker depths. There are also two co-writes with Neill MacColl and one with David Harper Gray.

'Perhaps I'm not really a songwriter at all. I'm just jumping from one side of a fence to another, whilst trying to leave the traces behind.'

*'An album of sincere depth, **Gap In The Fence** is the place in which we must strive to seek life from opposing views, the poet's greatest strength'* : Liverpool Sound and Vision July 2020
